

Production

Providing the highest level of personalized service

AEG Digital Media will take your show to the next level by merging cutting-edge technology with years of live production and streaming experience. Our extensive set of capabilities and services provide a first-rate broadcast quality look and feel to your webcast. With a twelve year track record and Grammy Nomination under our belt, it is no wonder AEG Digital Media is regarded as the definitive turn-key service provider in the market today.

We work with the content owner and client to help visualize the content experience goals, then we deliver a world class experience that, when married with our technology platform, creates the quintessential, live digital experience that grabs hold of the viewer and keeps them engaged.

At AEG Digital Media, we specialize in multi-angle content productions for live streaming that give the viewer the ability to choose and direct their content in a custom experience that typically extends the viewer-engagement-time by up to 40 percent.

We can provide all of your staffing needs including directors, producers, professional scriptwriters, set designers, lighting designers. AEG Digital Media also has all of the facilities and equipment needed to achieve your content goals, running the entire gamut of complete event planning, management and execution.

No matter the venue, no matter the location, AEG Digital Media will provide and manage the necessary resources to ensure the successful planning, execution and delivery of your event.
