

WE ARE **ONLINE Broadcasting**

ONLINE broadcast center

AEG Digital Media's Online Broadcast Center offers full service broadcast-grade managed services, distribution and studio accessibility which enables broadcasters and content providers to downlink, encode, stream and manage live content around the globe.

EXPERIENCE platform

AEG Digital Media's MC live audience collaboration tool, Tremolo video player, and Hawk social media enablement take an online broadcast to the next level by providing a truly immersive viewer experience.

MANAGED services

AEG Digital Media manages and coordinates all of the back-end heavy lifting required to deliver a successful live experience. From transmission to Delivering Post-Event Analytics, we take a television approach to online broadcasting that enables us to provide the reliability and redundancy that traditional broadcasters have come to expect.

PRODUCTION services

No matter the venue, location or event, AEG Digital Media not only produces events but provides and manages the necessary resources to ensure the successful planning, execution and delivery of your event to a global audience.
