

WE ARE ONLINE Broadcasting

AEG Digital Media brings you a low cost, easy to deploy, end to end live streaming service without compromising quality or reliability.

Gain access to the resources of AEG Digital Media's premiere events management team and state of the art Online Broadcast Center in Marina del Rey, CA without the variable costs traditionally associated with high quality live streaming.

With a background in high profile, large-scale events such as TED, Austin City Limits and the MTV Video Music Awards, AEGDM delivers the exceptional experience you want for your audience, whatever their size.

Includes:

- TVU encoding and transmission unit via the TVU 8200 pack—simply connect the switcher video output and internet connection (5mbps minimum, 8mbps recommended.)
- Variable BitRate Multi-format encoded signal—playable on desktop, iOS, iPad, iPhone and variety of other mobile devices.
- Unlimited delivery over Akamai—the premium content delivery network. No bandwidth charges, no after-event CDN bill.
- Premium channel on Livestream, including a player, social media tools and VOD.
- Player integration into your event web page, facebook page or Twitter feed.

Cost of Single Point Streaming Service, 1 day: \$7500 per event
Discount Pricing for multi-day events available.
